CBA Vision and Values

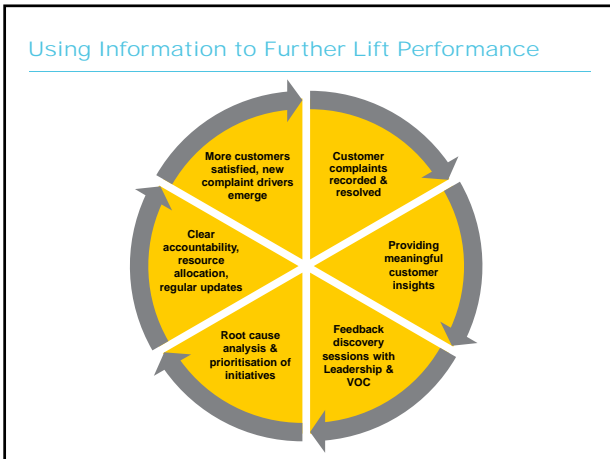

Our vision is to excel at securing and enhancing the financial wellbeing of people, businesses and communities.

Accountability

She took ownership of the issue and was incredibly empathetic despite the fact it may seem like a small amount of money to most, she treated the issue with urgency and at the same time respect. She did not offer false promises but was realistic about the options we had. She was the highlight of an otherwise very difficult situation.

Integrity

Everything she said she was going to do, she did. She followed up twice a day and even sent messages to confirm what actions she had taken. Solely because of this service we decided to stay with CBA.

Collaboration

This matter was cleared up extremely quickly & we were delighted with the outcome. My wife & I have been substantial & loyal customers of the Commonwealth Bank for over 55 years & will definitely continue to be with the service we recently received.

Service

She was honest and upfront with us about the financial crisis we were about to encounter. She took the time to explain to us the options we had, and went out of her way to assist us. While still recovering, we are now feeling much more confident in our future, are not stressing about our finances as much and have a hope for the future.

Excellence

She was incredibly polite and persistent on my behalf. She also explained things in clear, legible terms. I didn't expect her to go to that much trouble and I didn't expect the outcome she got for me. Please make sure this message gets back to her manager. I really understand how rare it is to find such excellent service.
